

## TRULY ENDLESS BELTS FOR METAL SANDING AND FINISHING MACHINES

Rainbow Rubber & Plastics, Inc. is a leading supplier of truly endless belting and rubber accessories for the North American market. Specializing in high wear applications, Rainbow supplies a range of products for the metalworking industry.

For both wet and dry sanding applications, Rainbow's truly endless metal grip belts offer superior durability, grip, heat resistance, and reliability for all metal finishing processes. Eliminate production issues related to seam failure, high wear, oil or lubricant saturation, and cover separation.

**DEBURRING • ROUND EDGING • SANDING • CALIBRATION • RUST REMOVAL • GRAINING & LAPPING**

# BELTS FOR METAL SANDERS

Version	Color	Rubber*	Tensile Core	Application	Abrasion Resistance	Thermal Resistance	Oil Resistance of the Top Surface
NC	Black	Nitrile Neoprene	TED100	Dry	•	•	•••
NC	Black	Nitrile Neoprene	TEM80	Wet	•	•	•••
NCB	White	Nitrile Neoprene	TED100	Dry	•••	•	••
